Portfolio: ccardinale98.github.io/portfolio-main

SUMMARY

Full-Stack Developer with a background in political science who loves to learn and is very technologically inclined. Earning a certificate from the Rutgers Coding Bootcamp for full-stack development. Passionate life-long learner with exceptional technical skills.

TECHNICAL SKILLS

Languages: HTML, CSS, JavaScript, Python

Frameworks/Other Technologies: JQuery, Bootstrap, Jest, Node.js, MySQL, MERN, Express, Handelbars.js, and React

PROJECTS

Weather Dashboard | github.com/ccardinale98/weather-dashboard | ccardinale98.github.io/weather-dashboard

- Summary: Weather conditions can change on an hourly basis. It is therefore important to know what to expect. The Weather Dashboard provides the user with weather data for the current day and the next 5 days in the requested city.
- Role: Sole Designer and Co-Author of the JavaScript
- Tools: HTML, CSS, JavaScript, Bootstrap

Password Generator | github.com/ccardinale98/password-generator | ccardinale98.github.io/password-generator

- Summary: With increasing hacker effectiveness, it is important to have a complex password protecting personal accounts. The Password Generator allows the user to select from a number of password criteria and creates a random password based on the chosen criteria.
- Role: Wrote the JavaScript for the application
- Tools: JavaScript

Day Planner | github.com/ccardinale98/day-planner | ccardinale98.github.io/day-planner

- Summary: It is easy to get lost in a busy schedule. Many people can benefit from an organized way to keep track of their tasks. The Day Planner presents a planner with time blocks for every hour between 9-5. The user can add tasks to each time block and save them. The planner will color code the time blocks based on their time relative to the current hour.
- Role: Sole Author
- Tools: HTML, CSS, JavaScript, JQuery

EXPERIENCE

School Board Member

Hamilton Township Board of Education

Jan 2018-July 2020

Hamilton, NJ

In 2017 I was elected out of a field of 13 candidates as the youngest member of the Board of Education, taking office in 2018. My time on the Board afforded me leadership skills along with a collaborative mindset.

Accomplishments:

- Successfully led the Committee on Technology, propelling the district into a technology-focused future
- Balanced a \$200 million budget three years straight while on the Finance and Operations Committee

Lifeguard

May 2019-September 2020

LifeTime Athletics

Plainsboro, NJ

I have been CPR, AED, and First Aid certified for some time now. While at LifeTime I learned how to work as a team with my fellow guards and how to stay focused on one task for a long period of time.

Accomplishments:

- Ensured the safety of many LifeTime Athletics customers

Intern

June 2015-February 2016

Salvona

Hamilton, NJ

Salvona is a biotechnology company that works on microencapsulation systems for pharmaceuticals and cosmetics. At Salvona I learned how to work under different levels of corporate leadership.

Accomplishments:

- Brought all customer data from paper to fully online for increased organization and productivity
- Ran tests on and aided in the creation of new microencapsulation technologies that went on to make the company millions

EDUCATION**Certificate, Full-Stack Web Development:** Rutgers University, New Brunswick, NJ

October 2021

A 12-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, Jest, Node.js, MySQL, MERN, Express, Handlebars.js, and React.

Bachelor of Arts, Political Science: Rutgers University, New Brunswick, NJ

May 2020
